

# „Hoher Buchener Wald im Ebracher Forst“: Mehr als 7.600 Starkbäume auf 775 Hektar über 60 cm dick!

GLB Hoher Buchener Wald

The map displays a large area of forest, primarily colored in dark green, indicating high tree density. This area is outlined in red. Within this red-outlined area, there are two distinct regions shaded in brown, representing nature reserves. A river, the Ebrach, flows through the lower part of the map. The surrounding landscape is shown in lighter green and yellow, indicating lower tree density or agricultural land. The town of Ebrach is visible at the bottom of the map.
